Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

DEAR TOMATO: AN INTERNATIONAL CROP OF FOOD AND AGRICULTURE POEMS

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Bursting with flavor and just the right infusion of insight, Dear Tomato: An International Crop of Food and Agriculture Poems presents a collection of poems from thirty-four writers on the most universal topic of all: food. Featuring a wide assortment of styles, from haiku to acrostics to free verse, these poems touch on topics that range from lighthearted to seriously thought-provoking. Whether the focus of the poem is a child's battle over eating peas or a celebration of fair trade, this collection introduces kids to a fresh new view of where their food comes from. They'll love following along as they track what they eat—from a tiny seed all the way to the fork that brings it to their mouth! Throughout the anthology, each entry's words and ideas are brought to life by Norie Wasserman's stunning black-and-white photographs, which themselves are poetry for the eyes. A fun and enlightening read for kids eight to twelve years of age, this collection will add to your family's dinnertime conversation, while also providing an excellent resource for teachers and librarians.
