Springer-Verlag Gmbh Okt 2016, 2016. Taschenbuch. Book Condition: Neu. 235x155x mm. Neuware - This book highlights the long-term resettlement process of the Egyptian Nubian people along the Aswan High Dam. Assessing the resettlement of 48,000 Egyptian Nubians in connection with the High Dam is especially important for three main reasons: firstly, this resettlement process is one of the rare cases in which research begun before the dam was built has continued for over forty years. Secondly, the resettlement of the Egyptian Nubian people is one of the few cases in which the living standards of the large majority improved because of the initial political will of the government, combined with Nubian initiatives. Thirdly, given the complexity of the resettlement process, weaknesses in government planning, implementation, and in the weakening of government political provide valuable lessons for future dam-induced resettlement efforts. 52 pp. Englisch.
