For a manager, it is very hard to manage and motivate a team that spans continents. Managing in a Flat World gives today's manager much-needed advice on how to communicate, manage and motivate in the flattened company and how to operate effectively in the flat world. Within this book, authors Susan Bloch and Philip Whitely expose insights from in-depth interviews and research with managers and leaders in global businesses to show the successes, struggles and triumphs amid a constant battle for balance within a changing world, based on technology. 156 pp. Englisch.
