Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

SHAMAR EMET MESSIANIC TFILLA: SEASON OF OUR FREEDOM EDITION: SHABBAT AND FESTIVALS

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 200 pages. Dimensions: 11.0in. x 8.5in. x 0.5in. This Siddur concentrates on restoring the Shabbat service back to the 1st century C. E. times when the Temple still stood and when Yshua walked the earth. Unlike most Siddurs, Messianic or Judaism, this Siddur focuses on what was done in Israel in the 1st century C. E. and not what was done in Babylon, as the current Siddurs of today follow. (The timeline that this Siddur is constructed from is before the first century common era up to the time of the second printed siddur of Saadia Gaon. -about 950 c. e.) As well many Messianic Siddurs whatever their view of what Messianic Judaism is, try to blend their Messianic Judaism with what is being done in current Judaism (Mainly Orthodox), never realizing that current Judaism has gone through numerous changes and only in minor detail still reflects the Second Temple times. In constructing this Siddur, I followed all the Jewish guidelines, protocalls, formulas and goals of all the prayers, but wrote them to reflect belief in Yshua as the Torah Observant Jewish Messiah. Directions for each of the services included in this Siddur are given before the index. A Passover Haggadah is included in the back of the book. In addition to all the extras that this Siddur has, there are 35 pages of notes and commentary included. This Siddur is not a true Large Print, however nearly all of the fonts range from 12-14. Hardcover available at www. Lulu. com Originally, I had released the Shamar Emet Deluxe Edition which included everything that this Siddur contains, but noticed a number of areas that needed improvement. The fonts in the original release were a bit small, (8-10...
