THE SEVEN MILITARY CLASSICS OF ANCIENT CHINA (FIRST TRADE PAPER EDITION)

The Perseus Books Group. Paperback. Book Condition: new. BRAND NEW, The Seven Military Classics of Ancient China (First Trade Paper Edition), Ralph D. Sawyer, The Seven Military Classics is one of the most profound studies of warfare ever written. It presents us with an Eastern tradition of strategic thought that emphasizes outwitting one's opponent through speed, stealth, flexibility, and a minimum of force--an approach very different from that stressed in the West, where the advantages of brute strength have overshadowed more subtle methods. Safeguarded for centuries by the ruling elites of imperial China, even in modern times these writings have been known only to a handful of Western specialists. In this volume are seven separate essays, written between 500 b.c. and a.d. 700, that preserve the essential tenets of strategy distilled from the experience of the most brilliant warriors of ancient China. Only one of these seven essays, Sun Tzu's famous Art of War, has been readily available in the West. Thanks to this faithful translation of the complete Seven Military Classics, the insights of these ancient Chinese texts are now accessible in their entirety. It's not uncommon to see a "salaryman" on a crowded Tokyo subway studying one of the many popular Japanese editions of these essays. But why do so many businesspeople in Japan, Korea, and Taiwan study a 2,000-year-old military text? Because it embodies the strategic tradition of outwitting an opponent through speed, stealth, flexibility, and a minimum of effort. These principles have been proven both on the battlefield and in the marketplace. Now they are available in the West for the first time in their entirety. The lessons found in this book were exploited by such pivotal Asian war leaders as Japan's Yamamoto, China's Mao Tse-tung, and Vietnam's Giap to inflict terrible defeats on their enemies. And in more recent...
